INTRODUCTION

The courses listed in this edition of the Schedule of Classes indicate the present intentions of the departments to offer these courses in the Fall Semester, 1972. The University reserves the right to change, eliminate, or modify course offerings when, in the judgment of University authorities, circumstances make such action necessary.

A second edition of this Schedule of Classes will be published in August, 1972 to reflect any changes which may occur and to clarify further registration procedures.

The information outlined in this publication applies only to registration in the regular day programs of the College Park Campus of the University of Maryland. Students planning to register for courses offered through the University College (Off-campus or Evening Divisions), the Baltimore City Campus, the Baltimore County Campus, or the Eastern Shore Campus should follow registration procedures prescribed by those campuses.

UNIVERSITY COLLEGE REGISTRATIONS

A student who wishes to enroll in courses offered by University College should not fill out the regular on-campus registration materials distributed through departments and dean's offices. The student should obtain written permission from his Dean to take U.C. courses and register for the courses according to the time sequence published in the University College Schedule of Classes. U.C. Schedules of Classes are available in the Adult Education Center, at University Boulevard and Adelphi Road in College Park. For further information telephone 454-2311.

Undergraduate students	\$25.00 per credit
Graduate students (Maryland Resident).....	39.00 per credit
Graduate students (Non-Resident).....	51.00 per credit

If the student registers for both University College and Day Campus courses these fees are in addition to Day Campus fees. All fees for students registering with University College must be paid at the time of registration.

Courses taken in University College or at another institution concurrent with regular registration on the campus at the University may not be credited without approval in advance by the dean of the college from which the student expects a degree. The same rule applies in summer school.

BALTIMORE PROFESSIONAL SCHOOL REGISTRATIONS

Students must register through the Baltimore Office of the Registrar for all courses offered by the Schools and Colleges on the Baltimore Campus. Whenever a student carries courses both at Baltimore and at College Park, two registrations are required.

COLLEGE PARK DAY CAMPUS REGISTRATION

PRIORITY REGISTRATION

Priority registration is an available option in the pre-registration system. However, it is limited to those students who:

1) participate in University sponsored activities which strictly limit times available for classes;

2) have medical problems which create special scheduling requirements.

Priority registration is no longer available to students employed on campus. The size of this group makes it impractical to offer a priority arrangement.

Students who have extremely unusual scheduling problems may receive priority registration on a special exception basis. All requests for priority registration should be made to the Registrations Office by April 14, 1972, for the Fall 1972 Semester.

PRE-REGISTRATION PROFILE

WHO?

All students registered in courses offered by the College Park Campus (UMCP) for the Spring Semester 1972

Questions concerning eligibility for pre-registration or the location of individual registration packets should be directed to the Registrations Office, 454-5559.

WHEN?

March 20 – Invitation to pre-register postcards will be mailed to eligible students. Students not receiving postcards should call the Registrations Office 454-5559.

March 27 – Students should begin picking up registration materials at the location indicated on the postcard.

April 14 – Deadline for turning in course request forms and other registration materials to the location where materials were procured.

WHERE?

Distribution – Registration materials will be distributed by the academic departments; the invitation postcard indicates the department where a student's packet is located. Distribution timetable may vary according to the department.

Collection – Students return registration packets to their department or to the Registrations Office.

Academic questions concerning degree requirements, course descriptions, and course prerequisites should be directed to the academic departments or the college deans. Questions concerning the registration packet forms and instructions can be answered either by the departments, the deans, or the Registrations Office (454-5559).

STUDENT PARKING – PRE-REGISTRATION

Under the pre-registration system, students may request a parking lot assignment in the same manner as a request for course. All of the sectioning features available for the request of an academic course will apply to a request for PARK: primary choice, alternate choices, and computer sectioning in the event of failure of the stated choices. The sectioning process will insure that all students requesting PARK receive a lot assignment of some type. Students who live in University Housing and are freshmen or sophomores are not eligible for PARK.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to familiarize himself with the degree requirements indicated in The Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

Advisement is required for all first semester freshmen and transfer students. **GRADUATE** — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

Any exceptions must be approved by the Dean. Forms for this purpose will be available in the Dean's Office and should be turned in with the Registration Packet or at the Registrations Office by April 14, 1972

FOREIGN LANGUAGE PLACEMENT

ARTS AND SCIENCES REQUIREMENTS: If a student has had three years of one foreign language or two years each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign languages in the college, although he may elect to do so.

FRENCH DEPARTMENT: Students who have had two or more years of high school French are required to take the Placement Exam. They may place in French 101 *for credit*, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed French 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit*. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain as to their ability to take Span. 104, or (2) they wish to be exempted from Span. 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Span. 101 for credit, only if there has been a four year lapse between the last high school Spanish course and his first college Spanish course.

Students who feel uncertain as to their ability to take Span. 104 may opt to take Span. 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the Arts and Sciences language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.
